

25<sup>TH</sup> ANNUAL CONFERENCE  
PEDIATRIC CARDIAC SOCIETY OF INDIA

**PCSI**  
2025 **MUMBAI**

**19<sup>th</sup> - 21<sup>st</sup> SEPTEMBER 2025**

**Venue : The Westin Mumbai Powai Lake**

## PEDIATRIC ARRHYTHMIA WORKSHOP

**18<sup>th</sup> September, 2025 (Thursday), starts at 8.00 am**

**Venue: The Acres (Halls Zari and Kanjeevaram), Chembur**  
([https://maps.app.goo.gl/bqwUCaYs6pX1s42F9?g\\_st=ipc](https://maps.app.goo.gl/bqwUCaYs6pX1s42F9?g_st=ipc))

**Target audience:** A highly experienced faculty will simplify cardiac arrhythmias - recognition and management in pediatrics in a case-based format. Pediatricians, Pediatric & Cardiology PGs, Pediatric Cardiology fellows, Pediatric Cardiologists, Pediatric Cardiac Surgeons, Cardiac Anesthetists, Intensivists, Nurses & Technicians

### FACULTY:

**Coordinator:** Ashish Nabar

**International:** Maully Shah (*USA, in-person*), Sabrina Tsao (*Hongkong, online*)

**National:** Yash Lokhandwala, Amit Vora, John Roshan, Atul Prabhu, Malav Jhala, Ashish Banpurkar, Amira Shaikh, Priyanka Agarwal

**Online:** Sivakumar K, Hisham Ahamed, Mani Ram, Sweta Mohanty

# PCSI 2025 - Arrhythmia Workshop Agenda

Time	Program Activities	Speaker
<b>08.00 – 08.45</b>	<b>WELCOME AND BREAKFAST</b>	
<b>08.45 – 09.00</b>	<b>INTRODUCTION TO THE WORKSHOP</b>	
<b>09.00 – 11.00</b>	<b>SVTs in Children with Normal Hearts</b>	
09.00 – 09.10	When to consider ablation for Narrow QRS Tachycardia?	Ashish Nabar
09.10 – 09.30	WPW ECG - Where is the Accessory Pathway?	Yash Lokhandwala
09.30 – 09.45	Anesthesia / Catheter Requirements for Ablation procedures in Children	Atul Prabhu
09.45 – 10.00	Slow / Accessory pathway - Identifying the ablation site	John Roshan
10.00 – 10.10	Incidental WPW – How to proceed?	Amira Shaikh
10.10 – 10.25	Why is preoperative EP study required in Ebstein's anomaly?	Maully Shah
10.25 – 10.45	Instructive ECG and EGM traces	Yash Lokhandwala
10.45 – 11.00	Open house	
<b>11.00 – 11.15</b>	<b>TEA BREAK</b>	
<b>11.15 – 13.15</b>	<b>Atrial Tachycardia or Flutter?</b>	
11.15 – 11.30	Fetal tachycardia - Echo diagnosis and treatment options	Sweta Mohanty
11.30 – 11.45	Choosing an AAD for Rhythm control	Priyanka Agarwal
11.45 – 12.00	Where's the Focal Atrial tachycardia - Guess on ECG, confirm with ablation	Amit Vora
12.00 – 12.15	CTI- dependent atrial flutter is most common	Ashish Nabar
12.15 – 12.30	When is 3D-EAM system strongly recommended?	John Roshan
12.30 – 12.45	IART – 3D case (S/P Fontan repair)	Maully Shah
12.45 – 13.00	IART – 3D case (S/P Mustard or Senning)	Maully Shah
13.00 – 13.15	Open house	
<b>13.15 – 14.00</b>	<b>LUNCH</b>	
14.00 – 16.00	<b>Bradyarrhythmias</b>	
<b>14.00 – 14.15</b>	<b>A child with Syncope, don't forget – record an ECG!</b>	Amit Vora
14.15 – 14.30	Isolated CCAVB: when / which pacemaker?	Priyanka Agarwal
14.30 – 14.45	Postoperative AV block: Complexities of lead placement	Sivakumar K
14.45 – 15.00	Is it time for LBBAP?	Ashish Nabar
15.00 – 15.30	Tips for implantation (Simulator) – Panel discussion	Ashish Banpurkar
15.30 – 16.00	Tips for Programming (Programmer) – Panel discussion	Ashish Banpurkar
<b>16.00 – 16.15</b>	<b>TEA BREAK</b>	
<b>16.15 – 18.30</b>	<b>Ventricular Arrhythmias</b>	
16.15 – 16.30	ILVT – ablation is the choice	Amit Vora
16.30 – 16.45	Cardiac channelopathies - ECG is the key	Atul Prabhu
16.45 – 17.00	Cardiac channelopathies – Provocative tests	Amira Shaikh
17.00 – 17.15	HCM risk stratification – different in children?	Hisham Aahmed
17.15 – 17.30	VT S/P TOF repair – AICD must, ablate when?	Maully Shah
17.30 – 17.45	Cardiogenetics – when indicated, how useful?	Mani Ram
17.45 – 18.00	Cardiac sympathetic denervation - who are the most deserving?	Malav Jhala
18.00 – 18.30	AICD implantation and programming – tips from the master	Sabrina Tsao
<b>18.30 – 19.00</b>	<b>HI TEA &amp; DEPARTURE</b>
